Languages : English, Hindi, Urdu, Kannada

SOFT SKILLS

- Capable of handling multiple tasks and meeting deadlines
- Strong communication and interpersonal skills
- Quick learner with a passion for technology
- Problem-Solving and Analytical Thinking
- Team player with the ability to work independently

CERTIFICATIONS

META FRONT END DEVELOPER PROFESSIONAL CERTIFICATE (Pursuing)
Ability to design and develop user-friendly interfaces for web applications.

PROJECTS WORKED ON

- **Corporate Site Setup and Deployment**
Set up and configured internal corporate portals using Sitecore CMS, ensuring proper environment configuration, deployment, and testing.
- **Commercial Website Functionality Validation**
Conducted extensive functionality checks, document reviews, and ASP.NET code validation for public-facing commercial websites, ensuring compliance with business and technical requirements.
- **Code Quality Improvement Initiative**
Implemented SonarQube rules and ASP.NET code review practices, improving overall code quality and reducing recurring issues in production.
